Florida Student Cosmetology School Inc. evaluation periods are based on scheduled hours. School holidays are not considered in the calculation of cumulative attendance. Course incompletes and noncredit remedial courses are not applicable and have no effect on SAP standards. Clock hours or credits accepted from another institution toward the student's educational program are counted as attempted and completed hours for the purpose of determining when the allowable maximum time frame has been exhausted. SAP evaluation periods are based on contracted hours.

Students meeting the minimum requirement at any evaluation are making SAP until the next scheduled evaluation.

Evaluations will determine if the student has met the minimum requirements for SAP. The frequency of evaluations ensures that students have ample opportunity to meet both the attendance and academic progress requirements of at least one evaluation by midpoint in the program.

C. Students will be sent a Satisfactory Academic Progress Report upon reaching each evaluation period. All evaluation periods will be completed within seven (7) business days following each established evaluation period. Students who are found not meeting SAP requirements must sign their report in a timely manner. A copy of each SAP report will be kept in the student's file.

B	Very Good	80%-89%

D	Unsatisfactory – Failing	60%-69%
F	Failing	Less than 60%

Students meeting the minimum requirements for academics 75% and attendance 75% at the evaluation are making SAP until the next scheduled evaluation. Students deemed not maintaining SAP may have their Title IV funding interrupted (if applicable) unless the student is on warning.

E. Attendance is evaluated on a cumulative basis. At each evaluation point, the attendance for the period will be added to the attendance from the preceding periods to determine whether the student will complete the course within the maximum time frame established in this policy. Total hours earned beginning the first day of course commencement and ending the last day of the completed period (phase) divided into the student's scheduled hours beginning the first day of their respective program and ending the last day of the completed period (phase).

Student's actual hours attended + scheduled hours = cumulative % of attendance.

F. A student will be placed on warning but considered to be making SAP during the warning period, if the student's attendance falls below 75% or their academics fall below 75%. The student will be advised in writing on the actions required to meet SAP requirements by the next evaluation. If at the end of the warning period, the student has still not met the attendance and academic requirements, he/she will be dismissed from the program.

In the event the student withdraws, or other official interruption, the student, upon returning to school, maintains the status as of the time of departure.

G. Withdrawals and incompletes have no effect upon the school's qualitative SAP standard. All hours attempted within a progress report period are used in assessing, if the student meets quantitative SAP standard, Florida Student Cosmetology School Inc. does not allow students to repeat courses and does not offer remedial or English as a Second Language (ESL) courses.

H. Regarding SAP, a student's **transfer hours** accepted by the school will be counted as both attempted and earned hours for the purpose of determining when the allowable maximum time frame has been exhausted. SAP evaluation periods are based on SCHEDULED contracted hours at the school.

I. Probation: Students who fail to meet minimum requirements for attendance or academic progress after the warning period will be placed on probation and considered to be making satisfactory academic progress while during the probationary period, if the student appeals the decision and prevails upon appeal. Additionally, only students who can meet the Satisfactory Academic Progress Policy standards by the end of the evaluation period may be placed on probation. Students placed on an academic plan must be able to meet requirements set forth in the academic plan by the end of the next evaluation period. Students who are progressing according to their specific academic plan will be considered making Satisfactory Academic Progress. The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress or by the academic plan, he/she will be determined as NOT making satisfactory academic progress and, if applicable, students will not be deemed eligible to receive Title IV funds.

J. Appeal Process: If a student is determined to not be making satisfactory academic progress, the student may appeal the determination within ten calendar days. Reasons for which students may appeal a negative progress determination include the death of a relative, an injury or illness of the student, or any other allowable special or mitigating circumstance. The student must submit a written appeal to the school on the designated form describing why they failed to meet satisfactory academic progress standards, along with the supporting documentation of the reasons why the determination should be reversed. All students, when placed on a LOA, will return with the same academic and attendance status as when they began their LOA. For the purpose of calculating a potential refund, the withdrawal date will be the student's last date of attendance.
